Dear Admiral Hillenkoetter:

Please refer to your memorandum of May 25, 1950, to the Secretary, and to the reply from this office dated June 12, concerning your request that the Department inquire about the intentions of the British Government to seek a renewal of the contract of the Police and Prisons Mission with the Greek Government.

The Department has now been informed by an officer of the British Embassy that the British Treasury has approved a one-year extension, until January 11, 1952, under the existent terms, of the British Police and Prisons Mission in Greece. The British Embassy at Athens has been instructed to discuss the proposed extension with the Greek government and with the American Embassy.

Sincerely yours,

Fisher Howe
